(See section 5: Examination fees)

If the candidate (or his/her parent/carer) believes there are grounds to appeal against the centre's decision not to support a review of results, an internal appeal can be submitted to the centre by following the procedure outlined in Appendix H.

## **12.3 Access to Scripts**

After the release of results, candidates may ask the Examinations Officer to request the return of papers

If a result is queried, the Examinations Officer, Teaching Staff and Head of Centre will investigate the feasibility of asking for a re-mark at the centre's expense.

Centre staff may also request scripts for investigation or for teaching purposes, unless the candidate requests that the centre refrains from doing so.

Review of results cannot be applied for once an original script has been returned.

## **13. Complaints procedure**

Where eligible, special consideration will be applied for in a specific examination series where candidates have been fully prepared and have covered the whole course but performance in the examination, or in the production of controlled assessment, coursework or non-examination assessment, is materially affected by adverse circumstances beyond their control.

##### Examples

1. Where a candidate may arrive for an examination and is clearly unwell, extremely distressed and/or may have sustained an injury that requires emergency access arrangements to be put in place:
  - the candidate will be kept comfortable and under supervision from the required time while appropriate arrangements are put in place for the candidate to take the examination in the best possible conditions
  - a judgement will be made on how the candidate's situation or disposition affected performance in the examination
  - where appropriate and where eligible, special consideration will be applied for
2. Where candidates may be affected by a major disturbance in the examination room (emergency evacuation etc.), special consideration will be applied for on behalf of all candidates.
3. Where a candidate takes multiple examinations (three or more examinations) timetabled for the same day and the total duration for those papers is more than 6 hours for GCE exams or more than 5 hours 30 minutes for GCSE exams including *any approved extra time but not any time taken for supervised rest breaks*, special consideration for an allowance on last paper taken will be applied for.

Where a candidate may be affected by a minor disturbance in the examination room caused by another candidate (momentary bad behaviour, mobile phone ringing etc.), special consideration cannot be applied for.

If a candidate is absent for acceptable reasons, and the centre can verify this, special consideration will be applied for if the examination missed is in the terminal series and the *minimum requirements for enhanced grading in cases of acceptable absence* can be met. If there is an opportunity to re-enter the candidate in the next available examination series, the centre will make the entry and special consideration will not be applied for.

Where other issues or problems affect a candidate or a group of candidates, special consideration will be explored in and applied for where eligible. This might include, for example:

- other certification
- a short extension to coursework/non-examination assessment deadlines
- submitting a reduced quantity of coursework/non-examination assessment (shortfall in work)
- candidates taking an incorrect or defective question paper
- candidates undertaking the wrong controlled assessment or non-examination assessment assignment

## **Processing applications for special consideration**

### **Roles and responsibilities**

#### **Head of centre**

- Ensures where a candidate may be a member of the family (which includes step-family, foster family and similar close relationships) or close friend and their immediate family (e.g. son/daughter) of a member of examinations office staff, the application will be authorised by an alternative member of centre staff

#### **Senior leadership team**

- Produce/provide signed evidence in support of an application where this may be requested by an awarding body

#### **Examinations officer**

- Ensures applications will be processed as required by the awarding bodies
- Keeps evidence to support applications on file until after the publication of results and provides evidence in support of an application where this may be requested by an awarding body
- Meets the required deadline(s) for submitting applications

#### **Teaching staff and/or SENCo**

- Provide any appropriate evidence or information that may be required to support a candidate's application for special consideration

#### **Candidates (or parents/carers)**

- Will be asked to provide any required medical or other evidence that may be required to support an application for special consideration

## **Submitting applications for special consideration**

Where a candidate or group of candidates is/are eligible for special consideration, applications will be submitted to the relevant awarding body following the published processes

Evidence to support applications will be kept on file until after the publication of results.

### **Late applications**

If, after the publication of results for a particular exam series, a claim is made that special consideration was not applied for at the time of an assessment where a candidate was eligible, the claimant will be informed that late applications will only be accepted by an awarding body in the most exceptional circumstances and where a member of the Senior Leadership Team is able to produce evidence to support a late application.

If a claim is made after the completion of a review of results, the claimant will be informed that an application for special consideration cannot be submitted.

## Appendix B

### Policy on Enquiries about Results

After the publication of results the following services are offered by the awarding bodies and can only be applied for by the centre.

- Service 1 (Clerical re-check)
- Service 2 (Post-results review of marking)
- Priority Service 2 (Post-results review of marking)
- Service 3 (Re-moderation of Coursework/Controlled Assessment)

Staff may decide that they think one of these services is appropriate for a candidate or cohort and in this case the centre will pay for the enquiry. However the Head of Subject **MUST** obtain the written consent of the candidate/s on the appropriate form for all services with the exception of service 3.

A candidate may also wish to apply for one of these services (with the exception of Service 3). The candidate is advised to discuss this with a member of teaching staff before proceeding. On completion of the relevant form and payment of the appropriate fee the request will be processed by the examinations Officer.

Candidates are reminded that in requesting a 'Post-results review of marking' through the external awarding body, ***their marks can go down as well as up.*** The reviewed paper then forms part of the final grade. Therefore, the centre **MUST** obtain the written consent of the candidate on the appropriate form.

If the candidate is insistent that one of the services should be asked for and is unwilling to pay the required fee they can adopt the appeals procedure. This process, outlined below, will normally only be required when all other mechanisms within the centre have failed to resolve the matter. It will be the final stage in the normal process of considering and resolving disputes. It is expected that it will be used only in exceptional circumstances.

#### Written Appeals Procedure

Each awarding body publishes its arrangements for appeals against its decisions. In addition to this, an appeal can be made to the School concerning the decision not to request an enquiry about results.

- The parent, guardian or student (appellant) must make the appeal in writing to the Examinations Officer.
- Appeals should normally be made by 1st September for examinations in the summer series. This deadline may be extended in exceptional circumstances but candidates should be aware that the awarding bodies have their own deadlines for the receipt of requests. The enquiry into the internal process will normally be led by the Examinations Officer and the Vice Principal (Curriculum & Data).
- The enquiry will consider whether the request for the school to pay for a service is justified. The candidate's estimated grades, performance in school examinations and subsequent results will be taken into consideration.
- The appellant will be informed of the outcome of the appeal, in writing.
- If the appellant is not in agreement with the written response a Personal Hearing can be requested where the panel will consist of the Executive Principal (or her nominee) and a second independent person (e.g. a member of the Governing Body) provided that neither has played any part in the original Enquiry.
- The appellant will be informed of the outcome of the personal hearing, in writing.

## **Appendix C            Access Arrangements Policy**

### **Access arrangements**

Access arrangements are agreed before an assessment. They allow candidates with specific needs, such as special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do without changing the demands of the assessment. The intention behind an access arrangement is to meet the particular needs of an individual candidate without affecting the integrity of the assessment. Access arrangements are the principal way in which awarding bodies comply with the duty under the Equality Act 2010 to make 'reasonable adjustments'.

### **Reasonable adjustments**

The Equality Act 2010 requires an awarding body to make reasonable adjustments where a candidate, who is disabled within the meaning of the Equality Act 2010, would be at a substantial disadvantage in comparison to someone who is not disabled. The awarding body is required to take reasonable steps to overcome that disadvantage. An example would be a Braille paper which would be a reasonable adjustment for a vision impaired candidate who could read Braille. A reasonable adjustment may be unique to that individual and may not be included in the list of available access arrangements.

Whether an adjustment will be considered reasonable will depend on a number of factors which will include, but are not limited to:

The needs of the disabled candidate

The effectiveness of the adjustment

The cost of the adjustment

The likely impact of the adjustment upon the candidate and other candidates

### **Purpose of the policy**

The purpose of this policy is to confirm that Colchester County High School for Girls has a written record which clearly shows the centre is leading on the access arrangements process and is complying with its obligation to identify the need for, request and implement access arrangements.

This policy is maintained and held by the SENCo alongside the individual files of each access arrangements candidate. Each file contains detailed records of all the essential information that is required to be held according to the regulations.

The policy is annually reviewed to ensure that processes are carried out in accordance with the current edition of the JCQ publication Adjustments for candidates with disabilities and learning difficulties Access Arrangements and Reasonable Adjustments.

### **Disability policy (examinations)**

Part of the access arrangements process is covered in the Policy on Equality Act 2010 – Appendix E .

The Access arrangements policy further covers the assessment process and related issues in more detail.

### **The assessment process**

Assessments are carried out by an assessor appointed by the head of centre. The assessor is appropriately qualified as required by JCQ regulations.

Evidence of the assessor's qualifications are kept on file for inspection purposes, ready to be presented to the JCQ Centre Inspector by the SENCo. In addition photocopies of assessor's qualification(s) are held in the individual files for each access arrangement candidate.

### **Process for the assessment of a candidate's learning difficulties by an assessor**

Before the candidate's assessment, the SENCo must provide the assessor with background information, i.e. a picture of need has been painted as per Part 1 of Form 8. The SENCo and the assessor must work together to ensure a joined-up and consistent process.

An independent assessor must contact the centre and ask for evidence of the candidate's normal way of working and relevant background information. This must take place before the candidate is assessed.

All candidates must be assessed in light of the picture of need and the background information as detailed within Part 1 of Form 8.

The assessor is required to establish if the results of test present evidence that the candidate has an impairment which substantially affects their performance.

An independent assessor must discuss access arrangements with the SENCo. The responsibility to request access arrangements specifically lies with the SENCo.

### **Painting a *picture of need* and gathering evidence to demonstrate *normal way of working***

Part 1 of Form 8 must be completed prior to the assessment by the SENCo or the assessor working within the centre detailing the candidate's background and history of support. The following sources of information are used:

- Comments and observations from teaching staff and support staff (i.e. Learning Support Assistants);
- Intervention strategies (e.g. individual education/learning plans, School Action, support plans) in place for the candidate; pupil premium indicators;
- Screening test results;
- Use of baseline data;
- Information about any differentiation in the classroom;
- Normal way of working in the classroom;
- Arrangements made for end of year internal school examinations/mock examinations.

### **Processing access arrangements**

#### **Arrangements requiring awarding body approval**

The SENCo is responsible for processing all applications on Access arrangements online. Prior to an application, the SENCo must obtain the candidate's consent to record their personal data on-line. A copy of the approved application, along with appropriate evidence of need (where required) **and** a signed candidate personal consent form are held in the individual files for each access arrangement candidate for inspection by the JCQ Centre Inspection Service. These files are stored securely in the SENCo's office.

If an application is refused, it is referred directly to the relevant awarding body for consideration using the awarding body referral section.

#### **Centre-delegated access arrangements**

Centre delegated access arrangements are the responsibility of the SENCo. The purpose of such arrangements are to ensure, where possible, that barriers to assessments are removed, preventing a candidate from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties. The arrangement(s) put in place must reflect the support given to the candidate in the centre. Evidence highlighting the need for these arrangements is held in individual files for each candidate, including (where appropriate) supporting medical evidence and a short concise file note on centre headed paper confirming the need for the access arrangement.

## Centre-specific criteria for particular access arrangements

- Word processor policy (examinations) – Appendix D
- Separate invigilation within the centre

A decision where an examination candidate may be approved separate invigilation within the centre will be made by the SENCo.

The decision will be based on:

- whether the candidate has a substantial and long term impairment which has an adverse effect; and
- the candidate's normal way of working within the centre

## Appendix D

### Use of Word Processor Statement in Examinations & Non-Examination Assessments

#### Introduction

The use of a word processor in examinations and assessments is an available access arrangement. The purpose of an access arrangement is to ensure, where possible, that barriers to assessment are removed for a disabled candidate preventing him/her from being placed at a substantial disadvantage as a consequence of persistent and significant difficulties.

The integrity of the assessment is maintained, whilst at the same time providing access to assessments for a disabled candidate

Although access arrangements are intended to allow access to assessments, they cannot be granted where they will compromise the assessment objectives of the specification in question.

Candidates may not require the same access arrangements in each specification. Subjects and their methods of assessments may vary, leading to different demands of the candidate. SENCOs must consider the need for access arrangements on a subject-by-subject basis.

The term 'word processor' is used to describe for example, the use of a computer, laptop or tablet.

#### The use of a word processor

The centre will

- allocate the use of a word processor to a candidate where it is their normal way of working within the centre
- award the use of a word processor to a candidate if it is appropriate to their needs  
Needs may include
  - a learning difficulty which has a substantial and long term adverse effect on his/her ability to write legibly
  - a medical condition
  - a physical disability
  - a sensory impairment
  - planning and organisational problems when writing by hand
  - poor handwriting
- only permit the use of a word processor where the integrity of the assessment can be maintained
- not grant the use of a word processor where it will compromise the assessment objectives of the specification in question
- consider on a subject-by-subject basis if the candidate will need to use a word processor in each specification
- consider the needs of the candidate at the start of the candidate's course leading to a qualification based on evidence gathered that firmly establishes the candidate's needs and 'normal way of working' in the classroom, internal tests/examinations, mock examinations etc. and confirm arrangements in place before the candidate takes an examination or assessment
- provide access to word processors to candidates in non-examination assessment components as standard practice unless prohibited by the specification

The centre will not

- simply grant the use of a word processor to a candidate because they prefer to type rather than write or can work faster on a keyboard, or because they use a laptop at home

#### Exceptions

The only exceptions to the above where the use of a word processor would be considered for a candidate would be

- in the event of a temporary injury or impairment, or a diagnosis of a disability or manifestation of an impairment relating to an existing disability arising after the start of the course
- where a subject within the curriculum is delivered electronically and the centre provides word processors to all candidates

## **Arrangements at the time of the assessment for the use of a word processor**

In compliance with the regulations the centre

- provides a word processor with the spelling and grammar check facility/predictive text disabled (switched off) unless an awarding body's specification says otherwise
- checks the battery capacity of the word processor before the candidate's examination to ensure that the battery is sufficiently charged for the entire duration of the examination where a candidate is to be seated with the main cohort without the use of a power point,
- ensures the candidate is reminded to ensure that their centre number, candidate number and the unit/component code appear on each page as a header or footer e.g. 12345/8001 – 6391/01

If a candidate is using the software application Notepad or Wordpad these do not allow for the insertion of a header or footer. In such circumstances once the candidate has completed the examination and printed off their typed script, they are instructed to handwrite their details as a header or footer. The candidate is supervised throughout this process to ensure that they are solely performing this task and not re-reading their answers or amending their work in any way.

- ensures the candidate understands that each page of the typed script must be numbered, e.g. page 1 of 6
- ensures the candidate is reminded to save their work at regular intervals. (or where possible, an IT technician will set up 'autosave' on each laptop/tablet)
- instructs the candidate to use a minimum of 12pt font and double spacing in order to assist examiners when marking

The centre will ensure the word processor

- is only used in a way that ensures a candidate's script is produced under secure conditions
- is in good working order at the time of the examination
- is accommodated in such a way that other candidates are not disturbed and cannot read the screen
- is used as a typewriter, not as a database, although standard formatting software is acceptable and is not connected to an intranet or any other means of communication
- is cleared of any previously stored data
- does not give the candidate access to other applications such as a calculator (where prohibited in the examination), spreadsheets etc.
- does not include graphic packages or computer aided design software unless permission has been given to use these
- does not have any predictive text software or an automatic spelling and grammar check enabled unless the candidate has been permitted a scribe or is using speech recognition technology (a scribe cover sheet must be completed), or the awarding body's specification permits the use of automatic spell checking
- does not include speech recognition technology unless the candidate has permission to use a scribe or relevant software
- is not used on the candidate's behalf by a third party unless the candidate has permission to use a scribe

### **Portable storage medium**

The centre will ensure that any portable storage medium (e.g. a memory stick) used

- is provided by the centre
- is cleared of any previously stored data

### **Printing the script after the examination is over**

The centre will ensure

- the word processor is either connected to a printer so that a script can be printed off, or have the facility to print from a portable storage medium
- the candidate is present to verify that the work printed is their own
- a word processed script is attached to any answer booklet which contains some of the answers
- a word processor cover sheet (Form 4) is completed and included with the candidate's typed script (according to the relevant awarding body's instructions)

### Reviews of marking - centre assessed marks (GCE, GCSE, L2 Project, EPQ non-examination assessments)

Colchester County High School for Girls is committed to ensuring that whenever its staff mark candidates' work this is done fairly, consistently and in accordance with the awarding body's specification and subject-specific associated documents.

Candidates' work will be marked by staff who have appropriate knowledge, understanding and skill, and who have been trained in this activity. Colchester County High School for Girls is committed to ensuring that work produced by candidates is authenticated in line with the requirements of the awarding body. Where a number of subject teachers are involved in marking candidates' work, internal moderation and standardisation will ensure consistency of marking.

1. Colchester County High School for Girls will ensure that candidates are informed of their centre assessed marks so that they may request a review of the centre's marking before marks are submitted to the awarding body.
2. Colchester County High School for Girls will inform candidates that they may request copies of materials to assist them in considering whether to request a review of the centre's marking of the assessment.
3. Colchester County High School for Girls will, having received a request for copies of materials, promptly make them available to the candidate.
4. Colchester County High School for Girls will provide candidates with sufficient time in order to allow them to review copies of materials and reach a decision.
5. The request for a review **must** be made in by completing the internal appeals form obtained from the Examinations Officer which must be returned to the Examinations Officer by the deadline published to parents and students in the year that the GCE or GCSE non-examined assessment was assessed. The deadline for the request for a review for the Level 2 and Level 3 projects will be in accordance with the published programme in the academic year the assessment was completed. Requests will not be accepted after these deadlines. A fee will be levied by the school in line with the charge made by the awarding bodies for a review of marking of the other components.
6. Colchester County High School for Girls will allow sufficient time for the review to be carried out, to make any necessary changes to marks and to inform the candidate of the outcome, all before the awarding body's deadline.
7. Colchester County High School for Girls will ensure that the review of marking is carried out by an assessor who has appropriate competence, has had no previous involvement in the assessment of that candidate and has no personal interest in the review.
8. Colchester County High School for Girls will instruct the reviewer to ensure that the candidate's mark is consistent with the standard set by the centre.
9. Colchester County High School for Girls will inform the candidate in writing of the outcome of the review of the centre's marking.
10. The outcome of the review of the centre's marking will be made known to the head of centre. A written record of the review will be kept and made available to the awarding body upon request.

After a candidates' work has been internal assessed, it is moderated by the awarding body to ensure consistency in marking between centres. The moderation process may lead to mark changes. This process is outside the control of the school and is not covered by this procedure

## Appendix H

### **Appeals against the centre's decision not to support a clerical check, a review of marking, a review of moderation or an appeal**

Following the issue of results, awarding bodies make post-results services available.

Candidates are also informed of the arrangements for post-results services **before** they sit any examinations and the accessibility of senior members of centre staff immediately after the publication of results

If the centre or a candidate (or their parent/carer) has a concern and believes a result may not be accurate, post-results services may be considered.

The JCQ post-results services currently available are detailed below.

#### **Reviews of Results (RoRs):**

- Service 1 (Clerical re-check)  
This is the only service that can be requested for objective tests (multiple choice tests)
- Service 2 (Review of marking)
- Priority Service 2 (Review of marking)  
This service is only available for externally assessed components of GCE A-level specifications (an individual awarding body may also offer this priority service for other qualifications)
- Service 3 (Review of moderation)  
This service is not available to an individual candidate

#### **Access to Scripts (ATS):**

- Copies of scripts to support reviews of marking
- copies of scripts to support teaching and learning

Where a concern is expressed that a particular result may not be accurate, the centre will look at the marks awarded for each component part of the qualification alongside any mark schemes, relevant result reports, grade boundary information etc. when made available by the awarding body to determine if the centre supports any concerns.

Written candidate consent (informed consent via candidate email is acceptable) is required in all cases before a request for a RoR service 1 or 2 (including priority service 2) is submitted to the awarding body. Consent is required to confirm the candidate understands that the final subject grade and/or mark awarded following a clerical re-check or a review of marking, and any subsequent appeal, may be lower than, higher than, or the same as the result which was originally awarded. Candidate consent must only be collected after the publication of results.

A review of moderation (RoR service 3) cannot be requested for the work of an individual candidate or the work of a candidate not in the original candidate

If the candidate (or his/her parent/carer) believes there are grounds to appeal against the centre's decision not to support a review of results, an internal appeal can be submitted to the centre by completing the internal appeals form at least 5 calendar days prior to the internal deadline for submitting a request for a review of results.

The appellant will be informed of the outcome of their appeal before the internal deadline for submitting a review of results.

Following the review of results outcome, an external appeals process is available if the head of centre remains dissatisfied with the outcome and believes there are grounds for appeal. The JCQ publications **Post-Results Services** and **JCQ Appeals Booklet** (A guide to the awarding bodies' appeals processes) will be consulted to determine the acceptable grounds for a preliminary appeal.

Where the head of centre is satisfied after receiving the review of results outcome, but the candidate (or their parent/carer) believes there are grounds for a preliminary appeal to the awarding body, a further internal appeal may be made to the head of centre. Following this, the head of centre's decision as to whether to proceed with a preliminary appeal will be based upon the acceptable grounds as detailed in the **JCQ Appeals Booklet**. Candidates or parents/carers are not permitted to make direct representations to an awarding body.

The **internal appeals form** should be completed and submitted to the centre within 5 calendar days of the notification of the outcome of the review of results. Subject to the head of centre's decision, this will allow the centre to process the preliminary appeal and submit to the awarding body within the required **30 calendar days** of receiving the outcome of the review of results process. Awarding body fees which may be charged for the preliminary appeal must be paid to the centre by the appellant before the preliminary appeal is submitted to the awarding body (fees are available from the Examinations Officer). If the appeal is upheld by the awarding body, this fee will be refunded by the awarding body and repaid to the appellant by the centre.]

### **Contingency plan in the event of major disruption to the examinations system affecting a significant number of candidates**

The qualification regulators, JCQ and government departments responsible for education have prepared and agreed information for schools and colleges in the event of examinations being seriously disrupted. This jointly agreed information will ensure consistency of response in the event of major disruption to the examinations system affecting significant numbers of candidates.

Further information may be found at:

<https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland/what-schools-and-colleges-should-do-if-exams-or-other-assessments-are-seriously-disrupted>

In addition, awarding bodies have their own well-established contingency plans in place to respond to disruptions. In the event of a major disruption the Examinations Officer should liaise directly with the relevant awarding body/bodies.

In the event that the head of centre decides the centre cannot be opened for scheduled examinations, the relevant awarding body **must** be informed as soon as possible. Awarding bodies will be able to offer advice regarding the alternative arrangements for conducting examinations that may be available and the options for candidates who have not been able to take scheduled examinations.

The awarding bodies have a designated ‘contingency day’ for examinations. The date will be circulated to students and parents once it is finalised. This is consistent with the qualification regulators’ document Examination system contingency plan: England, Wales and Northern Ireland - <https://www.gov.uk/government/publications/exam-system-contingency-plan-england-wales-and-northern-ireland>

The designation of a ‘contingency day’ within the common examination timetable is in the event of national or local disruption to examinations. It is part of the awarding bodies’ standard contingency planning for examinations.

**Candidates and their parents will be informed that they must remain available until the contingency day in 2021 should an awarding body need to invoke its contingency plan.**

## Appendix J

### Emergency evacuation policy

This policy details how the centre deals with an emergency evacuation of the examination room(s) by defining staff roles and responsibilities and confirming the emergency evacuation procedure

#### When is an emergency evacuation required?

An emergency evacuation is required where it is unsafe for candidates to remain in the examination room. This might include a fire in the examination room, the fire alarm sounding to warn of fire, bomb alert or other serious threat.

In exceptional situations, where candidates might be severely disadvantaged or distressed by remaining in the examination room, the emergency evacuation procedure for examinations may also need to be followed. This might include situations where there is severe disruption in the examination room, serious illness of a candidate or invigilator or similarly serious incidents.

#### Emergency evacuation of an examination room

##### Senior Leader

- Where responsible for the centre-wide emergency evacuation procedure, ensures all staff and appointed fire marshals are aware of the policy and procedures to be followed when an emergency evacuation of an examination room is required.

##### Special educational needs coordinator (SENCo)

- Ensures appropriate arrangements are in place for the emergency evacuation of a disabled candidate from an examination room where different procedures or assistance may need to be provided for the candidate.
- Ensures the candidate is informed prior to taking their examinations of what will happen in the event of an emergency evacuation.

##### Examinations Officer

- Ensures invigilators are trained in emergency evacuation procedures and how an incident and actions taken must be recorded.
- Ensures candidates are briefed (*Candidate examination handbook*), prior to examinations taking place, on what will happen in the event of an emergency in the examination room.
- Provides invigilators with a copy of the emergency evacuation procedures for every examination room.
- Provides a standard invigilator announcement for each examination which includes appropriate information for candidates regarding what will happen if the fire alarm sounds.
- Provides an examination room incident log in each room.
- Liaises with the SENCo and other relevant staff prior to each examination where different procedures or assistance may need to be provided for a disabled candidate.
- Ensures appropriate follow-up is undertaken after an emergency evacuation reporting the incident to the awarding body and the actions taken through the *special consideration* process.

##### Invigilators

- By attending training, ensure they understand what to do in the event of an emergency in the examination room.
- Follow the actions required in the emergency evacuation procedure issued to them for every examination room.
- Confirm with the examinations officer, where different procedures or assistance may need to be provided for a disabled candidate they are invigilating.
- Record details on the examination room incident log to support follow-up reporting to the Awarding Body by the Examinations Officer

## Appendix K

### Lockdown Policy for examinations

Signal – Continuous tone

Lockdown is initiated when there is an extremely dangerous situation such as:

- An immediate threat to the school, e.g., an armed intruder, abductor, a criminal act, etc.,
- A need to escalate a partial lockdown.

Once the alarm has sounded:

Before an examination – candidates will be instructed to enter the examination room immediately

During an examination – invigilators will tell the candidates to stop writing immediately and turn their papers over, collect the attendance register and make a note of the time when the examination was suspended

After an examination – invigilators will stop dismissing candidates from the examination room and instruct candidates who have left the room to re-enter the examination room

In all the above situations:

- The invigilators will ensure that internal doors are locked, if possible. The windows should be closed, also locked if possible, blinds drawn, and students directed to sit silently out of sight (e.g. under desks).
- Doors should be barricaded with tables, chairs or any other available furniture.
- Students should be kept away from windows.
- Staff should have access to their mobile phones on silent mode in case of communication by text message, or in case they need to communicate with the school office or emergency services directly.
- Silence should be maintained because it may be necessary to spread information verbally through the school.
- Stay in place until the Lockdown is declared terminated, either by the 'All-clear' signal or under advice from members of the SLT or the emergency services.

If the lockdown occurred during an examination

Where applicable and if advised to do so by SLT/ head of centre, and following JCQ guidelines, if there is sufficient time remaining, candidates may restart their examination

- Invigilators will then:
  - ask candidates to return to their desks, remind them they are under exam conditions and allow a settling down period
  - recalculate the revised finish time(s) to allow for the full exam time
  - tell the candidates to turn their papers over and re-start their exam
  - amend the revised finish time(s) on display to candidates
  - note how long the lockdown lasted on the examination room incident log (to later inform a report to the awarding bodies and where relevant, any centre-wide lockdown recording form/log)
- The Examinations Officer will
  - provide a report of the incident for awarding bodies (via the special consideration process or as advised by awarding bodies)
  - safely/securely store all collected examination papers and materials pending awarding body advice/guidance
- Where applicable/possible/available, SLT/Examinations Officer will
  - negotiate any alternative examination sittings with the awarding bodies
  - offer, arrange and provide support services to staff and candidates
- At the earliest opportunity, SLT/head of centre will prepare a communication to parents/carers advising them of events (including relevant actions and outcomes)
- Where possible, examinations staff and candidates will be invited to attend an assembly lead by the Head of Year to discuss the lockdown and offer ongoing support
  - If this is not possible, communications will be provided via a centre text/email/newsletter and information uploaded to the centre website

## Appendix L

### Overnight Supervision Procedure

When candidates are entered for multiple examinations (three or more examinations) timetabled for the same day and the total duration for those papers is:

- a) more than six hours for GCE examinations (AS, A2, A-level), including approved extra time allowances and/or supervised rest breaks†; or
- b) more than five and a half hours for GCSE examinations, including approved extra time allowances and/or supervised rest breaks†;

**Candidates may, at the centre's discretion, be allowed to take an examination the following morning, including Saturdays. Candidates are not allowed to take examinations on an earlier day than that scheduled on the timetable.**

- A meeting is organised between the candidate, Head of Centre and Examinations Officer where the JCQ regulations relevant to Overnight Supervision is clearly explained to candidate and parents/guardians.
- The Overnight Supervision form must be completed and submitted and a hardcopy must be held securely in the examinations office for inspection.
- The candidate must be under centre supervision at all times and the centre must ensure there is no contact with other candidates.
- The supervision of a candidate on journeys to and from the centre and overnight may be undertaken by the candidate's parent/carer who have been informed about the JCQ requirements. The candidate is advised no contact with friends/relatives and is denied access to any form of communication and media. The overnight supervision arrangements **must** ensure that the candidate **does not** have advance warning of the content of the examination deferred until the following morning
- On the morning following overnight supervision, the parents/guardians must be advised to bring in the candidate at a designated time to avoid contact with any other student. The candidate is received at the school reception, and must be kept under supervision henceforth.
- The awarding body must be informed immediately of any known or suspected contravention of these conditions.

## **Annex**

In the event of the external examinations not taking place due to Government restrictions we will implement the guidance that will be issued by Ofqual and ensure that we maintain effective communication with parents and students.

### **Public health arrangements for autumn examinations 2020**

<https://www.gov.uk/government/publications/responsibility-for-autumn-gcse-as-and-a-level-exam-series/public-health-arrangements-for-autumn-exams>

#### **Arrival and departure of candidates**

As candidates arrive before the scheduled start time of examinations, they must be kept separate from other students arriving at the school. A location will be identified where candidates will wait before the examination which supports social distancing between group 'bubbles' as well as between on-roll and off-roll candidates. Late candidates must also follow social distancing measures.

Candidate arrival and departure will be managed, particularly taking into account when examinations finish at different times.

#### **Cleaning**

Examination rooms will be kept clean. Frequently touched surfaces (door handles, individual desks and so on) will be cleaned after every examination with the usual cleaning products, including the backs of chairs where candidates may pull chairs out to sit.

#### **Set up of the examination room**

Desks should not be set up face to face. For GCSE and A level examinations, the minimum distance in all directions from centre to centre of candidates' chairs is 1.25 metres, following JQC's [Instructions for Conducting Examinations](#). This distance is the minimum that must be maintained for students within a group bubble.

All other candidates, whether in different group bubbles, private candidates or those returning to school to take examinations, should be seated 2 metres apart from each other. These candidates can be seated in the same room.

There is no overall limit on the number of candidates who can sit in a room, as long as desks are correctly spaced. The upper limit to the number of candidates who can take an examination in a room together depends on the desk spacing requirements.

Good ventilation is important and will be maximised wherever possible, for example opening windows and propping open doors (not fire doors) where safe to do so.

Invigilators may walk up and down aisles between desks, but there must also be points in the room where an invigilator can stand at least 2 metres from the nearest desks and see all the candidates in the room.

#### **Face coverings**

Candidates and invigilators do not need to wear face coverings during examinations, but they may wear them if they wish to. Candidates and invigilators should wear face coverings in communal areas. Everyone who uses public transport to travel to examinations should follow the requirements for wearing face coverings.

#### **Invigilators**

Invigilators can move between different schools and colleges. They should minimise contact and maintain as much distance as possible from other staff. Before the examinations, the training provided by the Examinations Officer will inform invigilators what they need to do to minimise contact and maintain as much distance as possible from other staff.

Invigilators do not need to wear gloves when collecting examination scripts from candidates.

**Maintaining distance between staff and candidates**

Invigilators and other staff are advised to stand alongside candidates when interacting with them, rather than face to face.

For encounters of over 15 minutes, for example when scribes, readers or other individuals are supporting candidates, staff should maintain a 2 metre distance where possible, for example using a separate room from other candidates. If staff cannot maintain a 2 metre distance, they should avoid close face to face contact and minimise time spent within 1 metre of others. These arrangements may not be possible when working with some candidates who have complex needs, in which case these candidates' educational support should be provided as normal during examinations.

If candidates need to leave the examination room and need to be accompanied for more than 15 minutes, staff should maintain a 2 metre distance where possible. If this is not possible, staff should take mitigating measures, such as standing alongside the candidate and considering using a face covering.
